 A) Chinese                      B) Black African                      C) Black Caribbean                      D) Hindu and Pakistani                      E) Poles

### ***The World of Animation: Wallace and Gromit – The Curse of the Were-Rabbit, based on BBC Learning English – Words in the News***

Although Wallace and Gromit have been stars in the UK for a number of years, they are less well-known abroad. Wallace is a hare-brained, eccentric inventor with a passion for Wensleydale cheese. Gromit is his wily canine companion. Both are clay models brought to life through the painstaking process of stop-motion animation, which typically enables producing two seconds of film per day's work. In 2005 the film was a surprise hit in America, having taken the number one position in the US box office on the weekend of its release. In a year which has seen poor ticket sales for big-budget, action movies it seems that the gentle, quirky humour of 'Wallace and Gromit' has captured the American public's imagination.

(<http://www.bbc.co.uk/worldservice/learningenglish/newsenglish/britain/animation.shtml>)

26. Gromit is ... .  
 A) a cunning dog                      B) a hare with a brain                      C) a type of cheese                      D) an inventor                      E) an old man
27. What are clay models?
